

Samuel Harris

Ridgewood, NY | 614-327-9046 | samuelharrisnyc@gmail.com | linkedin.com/in/samharrisnyc | GitHub: github.com/samharrisnyc

PROFESSIONAL SUMMARY

Front-end web developer and Digital Design student with hands-on experience building responsive websites, browser-based tools, and portfolio sites using React, HTML, CSS, JavaScript, and basic Angular. Strong eye for layout and image presentation from photography work, with reliable remote communication and documentation habits from healthcare support experience.

TECHNICAL SKILLS

React | JavaScript | HTML5 | CSS3 | Angular basics | Responsive design | UI/UX design | Figma | Adobe Photoshop | Lightroom | Wix | Webflow | WordPress | GitHub | GitHub Pages | Netlify | Chart.js | Debugging | Technical documentation

SELECTED PROJECTS

Personal Photo Portfolio for Samuel Harris | www.goosesamuel.com | Created and maintain a photography portfolio site with organized galleries, web-ready image presentation, and a clean visual style.

Kenyon Photo Portfolio Site | kenyonsite.netlify.app | Built a responsive photo portfolio site hosted on Netlify, focusing on image presentation, page structure, content layout, and front-end updates.

PDF Merge Tool | samharrisnyc.github.io/pdf-merge/#merge | Built a browser-based tool for uploading, ordering, and merging PDF files, with a simple interface and clear user workflow.

Patient Health Dashboard | samharrisnyc.github.io/patient-health-dashboard | Built a responsive front-end dashboard with HTML, CSS, JavaScript, and Chart.js to present health data clearly across screen sizes.

EXPERIENCE

Front-End Web Developer / Web Designer | Freelance and Academic Projects | New York, NY | 2024 - Present

- Build responsive websites and web apps using HTML, CSS, JavaScript, React, and beginner Angular practice, with attention to navigation, spacing, readable UI, and mobile behavior.
- Publish and maintain live projects through GitHub Pages and Netlify, test layouts across screen sizes, and revise pages based on feedback.
- Prepare web images and visual assets in Photoshop, Lightroom, and Figma to support portfolio, client, and class-based web work.

Care Management Support Coordinator | Centene Corporation | New York, NY | 10/2021 - Present

- Manage monthly wellness check-ins and daily support tasks for 300+ assigned members in a remote environment, requiring accuracy, follow-through, and clear written communication.
- Handle phone queues, case routing, prior authorization requests, documentation, fax processing, and Excel-based task tracking while working across multiple systems.
- Support detail-heavy workflows and issue resolution, building habits that translate well to testing, maintenance, documentation, and technical team collaboration.

EDUCATION

Bronx Community College (CUNY) | A.A.S., Digital Design | 01/2026 - Present

Queensborough Community College (CUNY) | Coursework completed | 2024 - 2025
