Front-End Web Developer | Web Designer

NYC-based front-end web developer and photographer. I build clean, responsive pages, prep images for web, and fix layout issues fast. Comfortable working in a CMS when needed, and making quick HTML/CSS/JavaScript updates when something breaks.

SKILLS

- **Front-end:** HTML, CSS, JavaScript, responsive layout, basic accessibility checks
- **Styling:** Tailwind CSS, mobile typography/spacing cleanup, layout consistency
- **CMS + content:** Sanity page builds/refreshes, content entry, publish QA
- **Image handling:** crop/resize/compress, web-ready exports, file naming/organization (Photoshop)
- **Workflow:** Git/GitHub, Netlify deploys, quick QA on links/spacing/mobile

SELECTED WORK

World of My Own (NYC clothing brand) | Website redesign (Freelance) | Mar 2025 - Present

- Reworked navigation and product pages to be easier to scan and use on mobile.
- Cleaned up spacing and typography for better consistency across screen sizes.
- Made small HTML/CSS/JavaScript updates to tighten the path from browsing to checkout.

Patient Health Dashboard | Front-end dashboard UI (GitHub Pages) | 2025

sharris95.github.io/patient-health-dashboard/

- Built a multi-panel dashboard layout (navigation, patient list/detail, chart panel) with Tailwind CSS.
- Created reusable UI patterns (cards/tables) so new sections can be added without rebuilding the layout.

Photography Portfolio | NYC street and everyday work | Ongoing

goosesamuel.com

- Curate and publish photo work; keep presentation clean and exports consistent across the site.
- Comfortable working with mixed lighting and detail-heavy scenes, and bringing that same eye to page layout.

Photography Portfolio Site (development build) | 2025

kenyonanderson.netlify.com

- Built gallery layouts and project pages with consistent typography and spacing.
- Set up Sanity (headless CMS) so content can be updated without touching code.
- Prepped and exported web-ready images in Photoshop and ran pre-publish QA.

EXPERIENCE

Care Management Support Coordinator II | Centene Corporation (NYC / Remote) | Oct 2021 - Present

- Run monthly wellness check-ins for 300+ long-term care members and document outcomes accurately.
- Manage a high-volume queue with tight turnaround; route requests to the right teams and track follow-ups.
- Keep records clean and consistent, catching small errors before they cause rework.

Appointment Scheduler | NYS Department of Health (New York, NY) | Jan 2021 - Jun 2021

- Scheduled COVID-19 vaccine appointments and handled 80-100 inbound calls daily.
- Resolved caller issues using internal scheduling tools and clear step-by-step communication.

EDUCATION

Queensborough Community College (CUNY) - A.A.S. Internet and Information Technology | 2024 - 2026
